Fold scarf in half and slip stitch ends together. Fasten off and weave in ends.

Finished size is approximately 6 inches by 60 inches. I used approximately 7 to 7.5 ounces of yarn for my scarf.

I made my scarf long enough to double it, but you can easily adjust the length of this scarf. If you want it to be a single cowl, you can stop around row 60. Need it to be longer? Just continue with the pattern until it's the length you want.
